MENTOR PROGRAM

Thank you for your interest in the **Women's Business Forum Mentoring Program**, which matches supporting members with successful area business owners that have generously donated their time. Through regular communication and meetings, mentors will guide and support their mentees as they complete their business goals for the coming year.

Mentors and mentees will meet, and if both parties agree, they will make a one-year commitment. If they do not "hit it off," both individuals will be put back into the pool and a new potential partner selected. Because situations change, either party can opt out of the relationship at any time.
